ELI 250 N

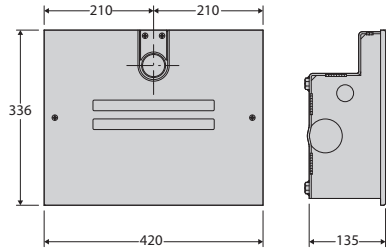

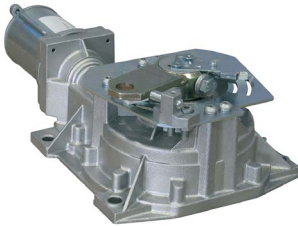

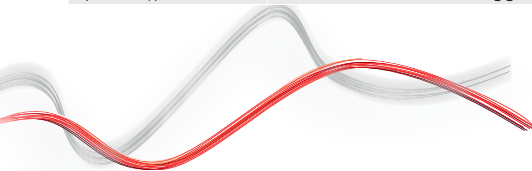

ELI 250 N

Underground 230v electromechanical operators

	ELI 250 N V	ELI 250 N
Control unit	RIGEL 6	RIGEL 6
Power supply		230 V
Power input		300 W
Maximum angle		120 °
Cycle time	14 sec	28 sec
Type of limit switch		work time
Locking		mechanical
Release		lever or lever with personalised key
Frequency of use		semi-intensive
Environmental conditions		from -20 °C to 50 °C
Protection rating		IP67
Operator weight		10 kg
Impact reaction		electric clutch
Operator type	swing gates with underground electromechanical operator	

North branch - 0161 456 0456
South branch - 01488 674 750
